

Wake-Up with **Movies**

with Jason and Armelle

**Movie Day Sessions:
10am to 1pm & 3pm to 6pm
Saturday Nov 9th**

Immerse yourself in a full day of Enlightenment through movies with commentary and insights from Armelle and Jason. Spirit makes use of everything in the world to help us expand our awareness and consciousness, and movies are no exception in this! Join with us on this journey inward to get in touch with what is True and always present:
Peace and Joy!

Both sessions will provide an open space for questions and inspirations to come up and be shared. This is a day of joining in the purpose of awakening to the Truth of Who we Are!
